

TOP-DOWN

designed, imposed

BOTTOM-UP

emergent conventions

Governing institutions

- norms, monitoring, sanctions, repair
- platform, market & legal structure
- who sets and enforces the rules

Fig. 1: exo- and macrosystem

Agent-group interactions

- communication, handoffs, shared memory
- conventions, reciprocity, reputation
- emergent roles & coordination

Fig. 1: micro- and mesosystem

Individual model

(even if aligned)

- alignment, refusals, capabilities
- truthfulness, instruction-following
- what single-model evals test

Fig. 1: the model at the center
