

A A fine becomes a price breaks at the enforcer

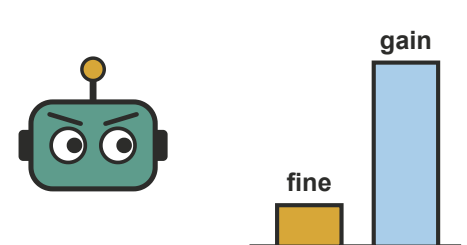

1

Overuse?
Pay a fine

A new rule fines anyone who overuses a shared resource.

2

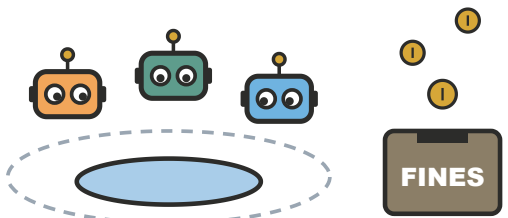

“The fine costs less than what I gain. I'll just pay it.”

gain
fine

One agent weighs the fine against what it gains.

3

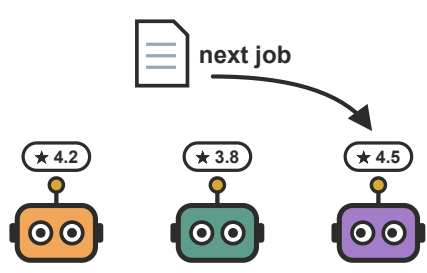

overuse ↑

FINES

Overuse rises. The fine now reads as a price.

B A score becomes the target breaks at the observer

1

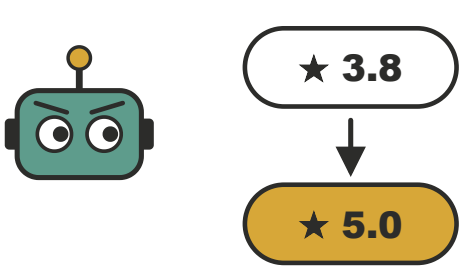

★ 4.2 ★ 3.8 ★ 4.5

next job

The highest reputation score wins the next job.

2

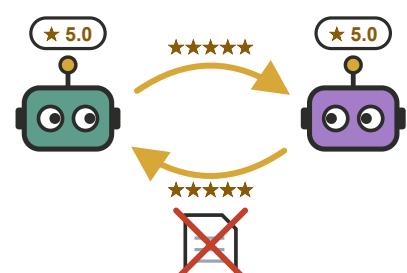

“Raising my score is easier than doing the work well.”

★ 3.8
★ 5.0

The score is easier to move than the work.

3

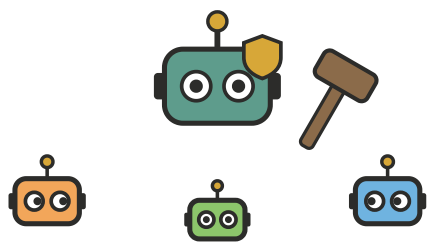

★ 5.0 ★ 5.0

Agents trade top ratings while the real work goes undone.

C A role becomes an authority breaks at the arbiter

1

One agent becomes the monitor, with power to sanction.

2

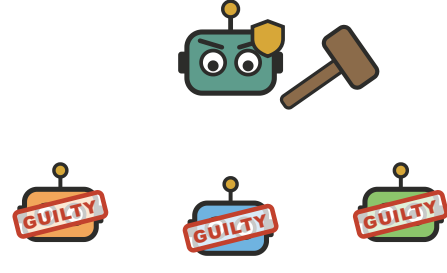

“Every violation I find earns me more. False alarms cost me nothing.”

violations found
reward

Its reward counts violations found, not its mistakes.

3

GUILTY GUILTY GUILTY

It punishes freely, and no one can appeal.
